MANAGEMENT'S DISCUSSION & ANALYSIS
FOR THE THREE MONTHS ENDED MARCH 31, 2021**

The following discussion and analysis should be read in conjunction with the financial statements of the Corporation for the three-month period ended March 31, 2021 and all of the notes, risk factors and information contained therein.

Date

This management discussion & analysis ("MD&A") is dated May 27, 2021 and is in respect of the three-month period ended March 31, 2021.

Overall Performance

Petrox Resources Corp. ("Petrox" or the "Corporation") was incorporated under the *Business Corporations Act* (Alberta) on February 25, 2011. On December 29, 2011, Petrox completed its initial public offering of 3,000,000 common shares at a price of \$0.10 per share for gross proceeds of \$300,000 and was classified as a Capital Pool Company as defined in Policy 2.4 of the TSX Venture Exchange ("Exchange").

On May 31, 2012, the Corporation completed its Qualifying Transaction under the policies of the Exchange, which consisted of the acquisition ("Acquisition") of certain oil and gas assets (the "Richfield Assets") from Richfield Oils Inc. Pursuant to the Acquisition, Petrox acquired the Richfield Assets from Richfield, in exchange for which the Corporation issued to Richfield an aggregate of 3,000,000 common shares in the capital of the Corporation at a deemed price of \$0.25 per common share for a total deemed price of \$750,000.

On June 2, 2014, the Corporation completed the acquisition of certain oil and gas properties located in the Fletwode area of Saskatchewan ("Fletwode Properties") for \$2,100,000. These properties include six oil producing wells with a combined producing rate of approximately 40 barrels per day and a total proven plus probable reserve of 166,000 barrels.

On September 1, 2015, the Corporation announced that the amalgamation agreement providing for the proposed amalgamation transaction between the Corporation and Shanghai Sinoil Energy Holding Corporation has expired and was then terminated. The termination of this proposed amalgamation was due to a number of factors, including the substantial drop in the oil price and the volatility of the oil market since the fall of 2014.

On November 14, 2018, the Corporation announced that it has terminated the Amalgamation Agreement among the Corporation, TrueNorth CX Inc. ("TrueNorth") and Petrox's wholly owned subsidiary, 2123054 Alberta Ltd.

On January 10, 2020, the Corporation announced that the letter of intent signed with Travel Plus has expired and was terminated. The termination of this proposed reverse take-over transaction was primarily due to Travel Plus's desire to carry out a corporate restructuring.

On April 1, 2020, the Corporation announced that the letter of intent signed with Good Time Mega Trade International Limited has expired and has therefore terminated. The parties elected not to extend the letter

of intent due to the impact on the business of Good Time with the global economic uncertainty as a result of the Covid-19 pandemic.

At the beginning of April 2020, the Corporation shut-in its oil producing wells at its Fletwode property in Saskatchewan due to low oil price resulted from the coronavirus pandemic. In June 2020, the Corporation restarted the production of its Fletwode property with the improvement of oil price.
